## LUTHERAN TEACHERS TO END CONFERENCE

Special Correspondence.

LAOPRTE, Ind., July 25.—The meeting of the northwest conference of the Missouri Synod of German Teachers will close shortly after noon Friday. At 3:30 Thursday afternoon the teachers were taken for an automobile ride over the city by the members of the Chamber of Commerce, who furnished machines.

The raising of the standards of the German Lutheran schools was discussed by John Kirsch of Milwaukee Thursday. In this paper Mr. Kirsch said that the main trouble in getting a uniform system of education and text books is the laws of the German Lutheran church, which makes every parish its own governing board and independent from other parishes. Much, he said, could be accomplished by the teachers themselves.

# BUCHANAN MAN IS KILLED BY TRAIN

According to Conductor Walter Stephenson Was Attempting to Board Car When He Fell Under the Wheels.

Walter Stephenson, aged 30, of Buchanan, Mich., was struck by an east bound Lake Shore freight train at the Scott st. crossing Thursday evening at 6 o'clock, sustaining injuries which resulted in his death three hours later at Epworth hospital.

According to Conductor J. W. Stuck the man made several unsuccessful attempts to board the train and while trying to catch hold of a passing car he slipped and fell under the wheels of the sixth or seventh car from the engine, and the wheels of the car passed over and crushed his right leg above the knee.

When the police ambulance reached the scene they found the man in an unconscious condition, and they removed him to Epworth hospital. Dr. S. L. Kilmer amputated the injured member.

For a short time after he reached the hospital the injured man regained consciousness and informed the attendants that he was a married man with a wife in Buchanan and gave them his address and name. He also informed them through gasps for breath that he had no friends or relatives in this city and was not known here. Work was immediately sent to his wife.

His chances for recovery were small and shortly after the operation the man died. No word has been heard from the wife but the body will be kept at the hospital until she has been heard from.

The train that run over the man was in charge of Conductor Stuck, Engineer J. W. Morrison and Brakemen H. H. May and R. A. Holmes, all of Elkhart, Ind. An inquest will be held.

## PRES. WILSON HAS AN ANTI-TRUST POLICY

WASHINGTON, July 25.—Pres. Wilson has an anti-trust policy of his own, it became known Thursday, but he will not broach it until the December session of congress. The president has in mind a legislative program which does not necessarily involve an amendment of the Sherman anti-trust law, but is said to contemplate additional statutes defining monopolies. The president has declined, however, to discuss his views until the tariff and the currency are disposed of.

# HOUSE EMPLOYEES PAID BY N. A. M.

Colonel Mulhall Tells of Meeting Rep. J. H. McDermott of Illinois and of Lending Him Money.

WASHINGTON, July 25.—Martin M. Mulhall, former "lobbyist" for the National Association of Manufacturers, witness before the senate investigating committee, Thursday swore he had given money to J. H. McDermott, for eight years a member of the house from Illinois. When questioned closely by Sen. Nelson he said that this money was "borrowed" and never paid back.

Mulhall swore that his first visit to McDermott was when he was visiting every member of congress he could possibly see about a tariff commission bill, in the summer of 1909. At that time he found McDermott "an uncouth politician."

Later in the same year, he swore he was introduced to J. H. McDermott, chief page of the house and McDermott's "confidential secretary." He testified that McDermott, Henry Neal, messenger to the speaker of the house, and Harry Parker, messenger to the ways and means committee, were put on monthly salary by him in that year; the chief page getting \$50 a month, while congress was in session, Neal \$30 a month and Parker \$25.

The \$100 that went monthly to these three men, he swore was given to him in check form by James A. Emery, counsel for the National Association of Manufacturers. He said McDermott knew when he employed him that Mulhall represented the association and that he realized what sort of legislation he was opposed to. Later he swore the chief page brought Mulhall and McDermott together in a Washington hotel. He said McDermott's secretary had explained before the meeting that he was a rough fellow, "a rough jewel," but that he hadn't been long in Washington and did not understand things.

# PRAYER BRINGS HIM A FORTUNE

Evangelist Who Led Baltimore Girl to Return to Her Home is Mentioned in Will of Her Father.

CHICAGO, July 25.—David S. K. Byrne, a Pittsburgh evangelist, is in Chicago Thursday to establish his identity under the terms of the will that will make him a rich man. The legacy is given him because his prayer, uttered on bended knees in the rear of a Chicago saloon six years ago, turned back toward a Baltimore home a girl who had lost her way and restored her to her family.

The girl told the evangelist her name was Lucy Byrne and that her father was a well-to-do resident of Baltimore. The two had a long talk.

At its close, the girl assured the evangelist that she would go home. A few weeks later he received a letter from her father telling of his gratitude.

"One thing I want to do in appreciation of your work," wrote the father. "I want to support your undertakings. Help other women as you have helped my girl. Go out among them and preach. I will stand by you. And because I feel so toward you I ask that you change your name to Byrne."

Complying with the request, the evangelist changed his name from David S. Kidd to David S. K. Byrne and under that he has worked the last few years.

Lucy Byrne died a few years after her return to Baltimore, but the evangelist continued to hear from the father. A few weeks ago he learned that the man was dead. Then he was informed that a large legacy had been left for him out of the Byrne estate and that he was to be one of the executors of the will. He was asked to prove his identity at once.

For the last few days the evangelist has been taking the deposition of friends who knew him at the time he first met Lucy Byrne in Chicago.

# DR. FLEENER'S STATEMENT OF FACTS

**The Specialist Who Devotes His Entire Time to Chronic Diseases of Men and Men Only**

**I Know How to Cure Nervous and Chronic Diseases of Men**

Science is on the wing. Treatments used one year ago are back numbers now. To be a TOPNOTCH Specialist requires not only skill and energy, but capital. The public is not satisfied with a doctor who sticks in the OLD RUT. Neither is it satisfied with the electric belt fakes or the pretending specialist. Nowadays men demand up-to-date treatment, not smooth talk and empty promises. To be a leader now it is absolutely necessary that you possess an EXPENSIVE LABORATORY where scientific investigations can be continually carried on. This I have, and I am prepared to give my patients the benefit of all the GREAT DISCOVERIES as soon as they are perfected. Others watch my announcements and at once they claim to do the same things. Men come to me because they read my STRAIGHT-FORWARD OFFERS, or because I have CURED some of THEIR FRIENDS. I AM PROUD OF MY RECORD.

"914" CURES BLOOD POISON

**No Pain, Return Home Same Day**

Giving a patient Neo-Salvarsan, "914," Prof. Ehrlich's New German Remedy for Blood Poison. This is the intravenous method, directly into the blood, the only way it should be given.

Extract from letter of Prof. Ehrlich: "Judging from all the reports received by me, it appears that the intravenous injection is to be preferred to all other methods of administration, as far as permanency of effect is concerned. Although I have to admit that this method of administration will prove an obstacle to the introduction of the remedy in general practice, on account of certain technical difficulties. I believe that the interests of the patient demand that only the most efficient form of treatment should be decided upon."

"I should feel much obliged to you if you will—assist me in this direction, and in the future employ as much as possible the intravenous mode for the administration of the remedy."

(Signed) P. EHRLICH. Thomas A. Edison, the great "electrical wizard," says: "The German discovery for the cure of Blood Poison is the most important achievement of the year 1911—and that most of us have the disease and do not know it."

I guarantee a painless and safe treatment, giving the Genuine German Remedy according to the great German professor's latest instructions. MY METHODS appeal to those who THINK and who want the benefit of the LATEST SCIENTIFIC PROGRESS that drives DISEASED GERMS out of your body. My advice is FREE and valuable, whether you are treated or not. If you need help, make your wants known to an HONORABLE SPECIALIST. No matter about money. COME if possible. IT'S BEST. I will explain to you my treatment for Varicose Veins, Nervous Debility, Blood Poisons, Kidney Diseases, Bladder Troubles and other diseases of mankind.

WARNING—Electrical Treatment, Electric Belts, Suspensory, Bandages, Medicines, locally or internally, will never cure any man of Varicose, Hydrocele, Piles, Rupture, Stricture, Fistula, and when a doctor tells you he can cure you by such methods, he is only after your money.

**DR. O. F. FLEENER, Expert Doctor for Men.**

**YOU DON'T PAY IF I DON'T CURE LEARN MY METHODS**

The FEAR OF FAILURE to obtain a cure in your case may have deterred you from taking treatment, or you may have been one of the unfortunate who have been treated in vain by inexperienced physicians. FREE TREATMENTS, FREE TRIAL SAMPLES, PATENT MEDICINES, or by false testimonials you may have been lured to a combination of traveling men representing themselves as great specialists, but having no knowledge of medicine. When you come to my office you see a regular licensed physician. I am in no way connected with any doctor, company or combination of men who copy my advertisements. My conscience, my profession, my reputation and teaching condemn all such quackery. No books, almanacs, nor symptom-blank schemes. No reputable doctor will resort to such methods.

BLOOD POISON, SKIN DISEASES, URINARY OBSTRUCTIONS, STRICTURE, VARICOCELE, HYDROCELE, NERVOUS DECLINE, MALE WEAKNESS, PILES, FISTULA, KIDNEY, BLADDER AND PROSTATIC AFFECTIONS, DRAINS AND ALL NERVOUS, CHRONIC AND SPECIAL DISEASES OF MEN DUE TO EVIL HABITS, EXCESSES, OR THE RESULT OF THE SPECIFIC DISEASES.

## DISEASES OF MEN

**Lost Power the Cause of Mental and Physical Suffering**

Perfect health is possible only when every function of the human body is properly performed. Man is the paragon of animals, the perfection of all created beings, but how seldom do we see the true, the perfect man, walking among his fellows a solitary gem? How many who fail to reach the dimensions of their splendid model! And yet the young man, the middle-aged man, the man of mature age who walks the streets with head hanging, afraid to meet the eye of his fellow beings, dreading lest they read his inmost secret, still follows the paths of ignorance for while his youth may be wrecked, while his vitality may be lowered, while his body may be the prey of his mind, yet there is hope, that his living death may turn and give him years of happiness, lifting him to that plane of manhood which all men should tread. I want to help men who are weak in vitality, who are nervous, despondent and lacking self-confidence; who feel as if old age was coming on too soon, because of the dulling of their youthful fire and ambition.

## A SURE CURE---A SMALL FEE

To be strong is the aim of every man, and yet how many we find who are wasting the vitality and strength which Nature gave them. Instead of developing into the strong, vigorous man that Nature intended them to be, they find themselves stunted and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility, their finer sensibilities blunted and their nerves shattered. It is hard for a weak man to have noble sentiments; such things are born of warm blood, healthy nerves and a strong heart. Every weak man is more or less despondent, lacks the magnetic enthusiasm of youthful energy, and should not hesitate to make almost any sacrifice to again be happy, light-hearted and full of joyous impulses, to be free from brain wandering and dull, stupid feeling, to have confidence and self-esteem, and command the admiration of men and women. It is the law of Nature that all of the powers of the body and brain should be retained unimpaired until the last. The vitality of youth can be conserved by right living, and it is only because men ignorantly and recklessly waste their store of nerve force that they become feeble wrecks and find life not worth living. Scores upon scores of men of all ages and in nearly every walk of life have been rescued by Dr. Fleener. With him the treatment of these diseases is not an experiment. If he feels that he can't cure you, he says so and you part friends. You cannot afford to neglect this condition; neglect has strewn the seeds of discord and unhappiness in hundreds of homes, which otherwise would have been the abode of peace and happiness. The greatest gift to man is a healthy, Manly System; if your vitality is not what Nature intended, you are the cause, and inasmuch as it lies within your reach to have this gift restored, what man, who is truly a man, will not seek the opportunity?

## Do You Suffer

Can you accomplish what your healthy friends and acquaintances can? If not, you are laboring under a great handicap. Come and let me make you strong and well again at a very small cost.
